WMU to receive funding for Brown Hall renovations

LANSING - The Senate today approved Sen. Tom George's amendment to the Capital Outlay supplemental budget bill which would grant \$9.5 million to fund a capital improvement project at Western Michigan University.

"I am pleased that my colleagues agreed the renovations and addition to Brown Hall are important to Western Michigan and its students," said George, R-Texas Township.

The amendment helps pave the way for the \$14.8 million renovation of Brown Hall on WMU's Kalamazoo campus.
